PROFESSIONAL PROFILE

Reliable and motivated Commercial Installation Operative with extensive hands-on experience across retail fit-out, warehouse storage systems and commercial installation projects. Experienced working on live sites throughout the UK and Europe, with a strong reputation for learning quickly, adapting to unfamiliar tasks, working safely and contributing positively to site teams.

CORE CAPABILITY

Retail fit-out	Heavy-duty racking	Gondola systems	Warehouse optimisation
Box rail systems	Lighting and signage	Camera installation	Live-site working

EMPLOYMENT EXPERIENCE

INSTALLATION OPERATIVE | 2017 - Apr 2022

4SiteOnline - UK projects

Built a strong practical foundation in commercial installation, supporting shopfitting, retail fixture and warehouse storage projects for principal contractors and recognised national clients.

- Installed and removed retail gondolas, bespoke displays and shop-floor fixtures.
- Supported light-duty and heavy-duty racking installations, removals and alterations.
- Worked safely with hand and power tools in live retail and commercial environments.

SHOPFITTER & INSTALLATION OPERATIVE | Apr 2022 - Aug 2024

Juswrk - UK and European projects

Delivered retail fit-out, warehouse optimisation and storage-system projects for major contractors and national clients.

- Installed, removed and repaired heavy-duty, push-back and cantilever racking systems.
- Completed cage infill, box rail, location identifier and warehouse optimisation works.
- Installed retail fridges, freezers, LED signage, linear lighting and camera equipment.

SHOPFITTER & INSTALLATION OPERATIVE | Aug 2024 - Apr 2025

DJ Retail - UK projects

Continued commercial shopfitting and installation work on fast-paced retail and distribution projects, working to site instructions, safety requirements and programme deadlines.

- Worked effectively with site managers, contractors, trades and customer-facing teams.
- Maintained professional workmanship while adapting quickly to changing site requirements.
